# CREATIVE PRODUCTS FOR SCHOOL & RETAIL

# STONE BY STONE COMPANY PROFILE

**STONE BY STONE** ([www.stonebystone.com](http://www.stonebystone.com)) was established in 1994 and is one of the leading companies in its field.

**STONE BY STONE** specializes in the development, design, manufacture and marketing of original creative materials such as mosaics, modeling materials, creative kits, hobby products and school supplies.

The use of our products does not require any professional training or special tools, it is easy and convenient, and above all – it is exceptionally safe! This uniqueness has made our products the preferred choice for professionals, amateurs and more importantly for children.

**STONE BY STONE** develops products both for the retail and the educational markets. While developing our designs, we keep in mind our motto: "Unique didactic products, simple packaging and affordable price"!

Exporting worldwide, all our products meet the strict American & European Safety Standards. Being manufacturer, flexibility is one of our key advantages and enables us to produce both under our **STONE BY STONE** company label as well as under any customer's private label.

We trust you will enjoy working with our products as much as we enjoy creating them!  
Looking forward to doing valuable business with you.

# FREESTYLE MOSAIC

## Freestyle Mosaic: Item No. 20100

One of the popular mosaic methods used by mosaic artists and crafters alike is using broken ceramics. This method involves using special tile nippers and sharp ceramic edges. Using Stone by Stone Freestyle Mosaic makes this method much easier and safer than ever. The stones can be broken by hand when using large pieces and by simple tile nippers with the smaller pieces. The mosaic is totally safe and has no sharp edges once broken.

The Freestyle Mosaic is produced in a large variety of colors. Once the mosaic artist tries the Freestyle Mosaic, he knows that this is the product he has been searching for.

## The Freestyle Mosaic is packed in:

- 1kg, 8x8cm tiles assorted colors (similar to the Archaeological series)
- Also available in single colors

The Sculpture Block and the Carving Stone are a safe, non-toxic sculpting material developed especially for beginning sculptors. The Sculpture Block and the Carving Stone realistically stimulate the weight and feel of stone, but can be carved with safe, simple tools so that even younger students can practice the basic techniques of relief carving. A hammer and straight-slot screwdrivers can be used to chisel out the general shape of the image, then a butter knife or other dull tool to reach the final precise form.

The Sculpture Block is available in:

- Small size measures 5x7.5x5cm
- Large size measures 10x7.5x5cm

The Carving Stone dimensions are:

- 15x15x1.5cm

## THE 6 PACK KITS & THE 12 PACK KITS

The artistic possibilities with Stone by Stone materials are limitless.

While some teachers and craft instructors prefer to adapt our materials to their own ideas, others prefer to use complete kits including all materials, accessories and instructions needed for the project. In order to fill that need, our creative team has developed 2 series of packs:

- The 12 Pack Creative Kits
- The 6 Pack Creative Kits

The leading idea while developing these series was "unique and price-effective kits".

**Both series offer ideal creative activity:**

- In classrooms
- At birthday parties
- In summer camps
- For handicraft afternoons
- For outdoors hobby occupations
- The 6 Packs series include absolutely everything you need for the project.
- The 12 Pack series include all the components needed for the project without the basic ones already existing at school (brushes, glue and paints – which also can be added) upon request.
