Dear Friends,

This year, we have chosen to support the "Meir Harel Hesder Yeshiva" building project and in turn encourage all our friends to follow suit and give generously to support this unique opportunity.

Over the last 5 years we have witnessed upfront the impact this Hesder Yeshiva has had on the wider community of Modiin [population 80,000].

Their selfless devotion to our nation in both Scholarship and the IDF Military, is beyond description and a shining example to Am Yisrael.

Hundreds of Jews are drawn close through their daily good deeds and Ahavat Yisrael.

May the Yeshiva go from strength to strength so that we may soon merit to see the completion of this magnificent citadel of Torah

Please join us in saluting the Meir Harel Hesder Yeshiva in Modiin, Rosh Hayeshiva Rav Eliezer Shenvald, the Rabbis and the students,

May they continue to ascend and succeed in Torah study, IDF service and their holy work with the community.

Sincerely,

David & Chana Walles

# Insights into The Holidays of Tishrei

## A Collection of Essays for the Days of Awe, Sukkot, and Shemini Atzeret

Dear Readers,

The month of Tishrei is synonymous with renewal. On Rosh Hashanah the New Year begins and we renew our assertion that G-d is our one and only king. Yom Kippur renews and purifies us through repentance and atonement. The Festival of Sukkot renews our connection with G-d, the Land of Israel and all parts of the Nation of Israel. Simchat Torah is the culmination and the beginning of the yearly cycle of our Torah.

It is our pleasure to share with you Divrei Torah from the Meir Harel Hesder Yeshiva in Modiin, where the renewal of the city of Modiin and the revival of the spirit of the Maccabees are the cornerstones of its aspirations.

Wishing you and your families Shana Tova and K'tivah Ve\_Chatimah Tova,

And special thanks and blessings  
to **the Glowinsky family** for their commitment to the yeshiva and their partnership in our community activity.

and Director of the Nachalat Shai Torah Center  
and Machon Harel
